Key Affordable Care Act Health Plan Coverage Mandates Guidance Issued June 28; Apply ASAP For Early Retirement Reinsurance Program

Learn Latest At July 9 Briefing

June 29, 2010

The Departments of Health & Human Services (HHS), Labor and Treasury on Monday published key interim regulations (Rules”) that interpret and implement the health plan preexisting condition exclusions, lifetime and annual limits, rescissions, and other patient rights provisions generally scheduled to apply to post-September 22, 2010 plan years under the Patient Protection and Affordable Care Act (Affordable Care Act). Today, HHS followed up this guidance release by beginning to accept applications for employers and other program sponsors that want to apply for participation in the Early Retiree Reinsurance Program (ERRP) established under the Affordable Care Act. These two key developments are the latest in a series of other key developments impacting the Affordable Care Act’s group health plan rules...

To assist concerned business leaders, plan fiduciaries and plan administrators to understand and cope with these new rules, Solutions Law Press author Cynthia Marcotte Stamer will host a teleconference briefing on these new regulations and other Affordable Care Act health plan guidance on July 9, 2010 from Noon. to 1:30 p.m. Central Time. Key Guidance On Affordable Care Act Health Plan Coverage Mandates Issued Monday

On Monday, June 28, 2010 HHS, Labor and Treasury jointly published interim final rules implementing the Affordable Care Act’s Rules on preexisting conditions, coverage rescissions, lifetime and annual dollar limits for essential benefits, and patient choice/access of providers. See [Regulation](#), [Fact Sheet](#), [Patient Protection Model Notice](#), [Lifetime Limits Model Notice](#) and [Dependents Model Notice](#)

The Rule implements and interprets the Affordable Care Act’s restrictions on the use by that group health plans and individual and group health insurance coverage (health plans) which generally:

- Prohibit preexisting condition exclusions and limitations for children under age 19;
- Prohibit arbitrary insurance coverage rescissions;
- Prohibit lifetime dollar limits on essential benefits;
- Restrict annual dollar limits on essential benefits;
- Protect certain choice of physician rights of plan members; and
- Prohibit certain restrictions on emergency services.

Certain plans qualifying as “grandfathered” for purposes of the Affordable Care Act may qualify as exempt from these requirements. Guidance on when plans qualify as “grandfathered” was issued last week.

Early Retiree Reinsurance Program Application Opening

Created by the Affordable Care Act as a bridge to the new health insurance marketplace established by the Exchanges in 2014, this \$5 billion program temporarily will reimburse employers, unions, state and local governments, and nonprofits admitted to the program for a portion of claims paid for early retirees.

The Early Retiree Reinsurance Program will reimburse employers admitted to the program for 80 percent of medical claims costs between \$15,000 and \$90,000 paid for retirees age 55 and older who are not eligible for Medicare, and their spouses, surviving spouses, and dependents. Employers, including state and local governments and unions, who provide health coverage for early retirees are eligible to apply. Program participants will be able to submit claims for medical care going back to June 1, 2010.

Today is the first day HHS is accepting applications. Applications for the program, as well as fact sheets and application assistance can be found [here](#).

Other Affordable Care Act Guidance

The Rule is the latest in a series of recently-issued guidance implementing various health coverage requirements of the Affordable Care Act. It follows closely the publication by the Agencies of regulations about:

- When group health plans and insurance qualify as “grandfathered plans” for purposes of determining deadlines for complying with certain health care reform requirements imposed under the Patient Protection & Affordable Care Act (Affordable Care Act). See [Fact Sheet](#), [Regulation](#), [FAQs](#), [Table](#), and [Model Notice](#);
- Extension of Coverage For Adult Children see [Fact Sheet](#), [Regulation](#), [FAQs](#) and [IRS Guidance](#); and IRS Guidance on Tax-Free Employer-Provided Health Coverage Now Available for Children under Age 27, see [here](#);
